## ECO HOLIDAYS

Planning an eco-holiday is a great way to travel responsibly while minimising your environmental impact. Here are some key tips:

 **Choose eco-friendly accommodations** – Look for hotels, lodges, or homestays that are certified for sustainability, use renewable energy, and promote responsible tourism.

 **Opt for greener transportation** – Reduce your carbon footprint by travelling via train, bus, or carpooling instead of flying. If flying is necessary, consider direct flights to minimise emissions.

 **Pack sustainably** – Bring reusable water bottles, eco-friendly toiletries and cloth bags instead of plastic. Avoid single-use items whenever possible.

 **Support local and ethical businesses** – Choose locally sourced food, sustainable souvenirs, and tour operators that prioritise conservation and fair wages.

 **Respect nature and wildlife** – Stick to marked trails, avoid disturbing local wildlife, and never purchase products made from endangered species.

 **Leave no trace** – Dispose of waste responsibly, recycle when possible, and aim to leave places cleaner than you found them.
